Chapter 184: Special Move

A close-up, black and white illustration of Bob Munden. He is wearing a cowboy hat, dark sunglasses, and a patterned scarf. He has a serious expression and is looking slightly to the right. A large, detailed handgun is visible in the foreground, partially obscuring his face.

A

SMITH

TRADE.

BOB MUNDEN,
THE
LEGENDARY
GUNMAN.
(1942-2012)

A black and white illustration of Bob Munden from behind, standing at a shooting range. He is wearing a cowboy hat, a vest, and jeans. Two balloons are suspended in the air, one on the left and one on the right, connected to tripods on the ground.

HE COULD

SHOOT

A black and white illustration of Bob Munden from behind, in the same shooting range. He is now holding a rifle. Two large, stylized, jagged lines representing bullet paths or sound waves are shown striking the balloons. The balloons are now in motion, indicated by motion lines.

Hello to everyone who has been reading our scans so far.
As you may have noticed, we've removed every other
chapter we've worked on

This is because due to the release of the 'proper' chapters
by the Spinyback Team, we felt that there was no longer
any need for our scans. Our work was often lacking,
and this was a first-time project for many of us, but
we're glad to have brought those chapters for you.

No animosity was or is meant toward Spinyback, we fully support
their releases and urge for you to read theirs instead. This chapter
will remain up as a token of our own hard work.

To all of the fans who left comments on our chapters wishing their
best, thank you very much. Your support meant everything to us.

We are not going to continue scanlating this series of Baki or
any other. At the moment, we don't have plans to work on any
other project.

Again, thank you for everything.
